	John Arboit	Scott Eaton
	John Deegan	Sidney Ong
	John Matthew	

Reminder –

Liquor License & Club Rules - Historically we have a clean record with the licensing authorities and must avoid even the slightest possibility of any breach going forward. To this end, be sure you read and abide by the Club Rules posted in the club room and attached to this email.

Guest Register – Reminder that all member's guests must be registered on the Guest Form available in the club room.

Club Day Drinks – A reminder that drinks are free on club day however our licensing rules stipulate alcoholic drinks cannot be taken outside our defined red line area. This means you are welcome to grab a beer from the fridge, but you must consume it within our licensed area. (Check the Red Line Area map displayed in the club room so you are aware of our licensed area).

Course Update/Preferred Lies -

It's muddy if you haven't noticed, and preferred lies will be in force for a while. As always, check the notice board for the daily updates before you tee-off. Remember under CGC preferred lies rules, you must mark your ball, lift and clean, then replace no more than one hand span from its original position. For example, if the original ball position is directly behind a large one metre diameter tree, hard up against the trunk, your ball cannot miraculously appear beside the tree, (with a clear shot to the green), after replacing it, because nobody has a hand span that big!

Cost of Beers – Sorry to advise the cost of beers on Club Days only, will be increased by 50% with immediate effect. Times are hard.

Sixers – Only two more Sixers rounds to go and it's tight at the top. This year there are more teams with the possibility of winning than ever before, so the pressure is on.

New CGC Website – The big reveal is scheduled for this August Club Day, so be there.

Insurance – Your committee is currently evaluating the CGC insurance situation and will provide a member update and summary in due course. As a member, do you actually know what you are insured for, and against? It's too late to find out once you need it!

Twilight Event – No update, just wishing it was here already. Maybe this year we'll have a dessert contest. Best times ever!

Annual Dinner – Please reserve November 24th 2019 for our Annual CGC Dinner and Prize presentation. Make a note now in your busy social calendar.

See you all at club day this Saturday and please support your club and buy a few sausages. Eileen is Master Chef this time, and she is seeking your help to beat the all-time BBQ sales record.

Hit 'em all like a provisional ball, (long and straight),

*Peter Skalak
CGC Club President*
